

Two days workshop on

## “Internal Quality Audit for Integrated Management System”

February 3 – 4, 2012

Organized by  
National Centre for Quality Management, Mumbai

### Perspective

New initiative being taken by leading organizations is the simultaneous implementation leading to certifications of three management systems i. e. ISO 9001: 2008 QMS, ISO 14001: 2004 EMS and OHSAS 18001: 2007, known as Integrated Management System (IMS). Organizations already certified to ISO 9001: 2008 can integrate with EMS & OHSAS. Objective of this workshop is prepare the participants to be competent to comply with IMS requirements and be eligible to conduct IMS audits.

### Coverage

- What is IMS?
- Clauses of QMS / EMS / OHSAS
- Common clauses in IMS
- Awareness of legal requirements & evaluation of compliance
- Environmental aspects & impacts evaluation
- Hazard identification & risk assessment (HIRA)
- EHS policy & objectives
- Deploying IMS
- Audit process / planning / execution for IMS
- Audit reporting, NCRs & AFIs
- Summary & conclusion
- Test examination
